

How will my dual credit classes transfer to other colleges or universities?

First of all, the admissions office at your college or university will be the resource to obtain dual credit transfer information. They have the final word regarding this and you need to be in contact with them.

Your dual credit classes from Black Hawk College will appear on your BHC transcript. Having your official Black Hawk College transcript sent to your college or university is the method of getting your dual credit classes transferred. For information on having your BHC transcript sent to your new college or university, please refer to <http://www.bhc.edu/index.aspx?NID=971>, or go to www.bhc.edu/transfer and click on the “Transcript Request” link near the bottom of the page.

The tables below show how some of the colleges in Illinois accept dual credits. “Accepted with college transcript” in the tables below means the college/university will treat the dual credit class the same as any other BHC transferable class. For more transfer information, please refer to www.bhc.edu/transfer.
